Washington, April 28.—The nation will raise its armies by selective conscription.

The house voted last night to pass the bill for selective conscription.

The house vote was 279 to 98 in favor of the president's and the war college plan to raise an army of 500,000 for service at some future date in Europe if needed.

Miss Rankin Against Conscription.

Miss Jeannette Rankin, first woman to hold a seat in congress, voted against conscription.

She cast her vote without comment.

The house vote was on the Kahn amendment to the army bill as reported by chairman Dent's military committee.

The Dent bill authorizes the president to first try raising an army in the old-fashioned way by the volunteer system.

Kahn's amendment turned the bill into what President Wilson and his war heads wanted—a straight out and out selective conscription method.

The house cheered wildly as the affirmative vote was announced.

What to the surprise of members, subsequent announcement of the negative vote showed but 98 for the volunteer plan, the cheering and stamping was deafening.

There was no record vote. That will come later. The house when the vote was taken was in committee of the whole. A roll call will come later in the day.

Speaker Clark, firm to the last, voted for the volunteer plan along with Miss Jeannette Rankin—who asked her constituents if she must "stand alone" for conscription.

There was never a doubt of the vote after Representative Saunders, chairman of the committee of the whole, announced a vote would be taken on the Kahn amendment and asked for yeas.

A tremendous shout arose.

A somewhat weaker shout greeted Saunders' request for yeas.

Chairman Dent asked for tellers—the nearest to a roll vote that can be obtained in a session of "the committee of the whole."

Record Vote Later.

A mob swirling and surging that looked as if it included every congressman and their clerks arose and joined in a crush at the front of the chamber, ready to walk between Chairman Dent and Representative Kahn, the tellers, up the center aisle of the house to show they were for the amendment.

When the record vote does come, many members predicted that many of the 98 who voted against the volunteer plan will have switched, thereby making the vote against the volunteer plan even greater than that recorded while the body was acting in committee of the whole.

Immediate Volunteer Army.

"For us to authorize Roosevelt to raise his army would be legislation which will make possible a volunteer army for immediate and intensive training, to be recruited by Colonel Roosevelt, former commander-in-chief of the United States army and navy," Harding said.

"It provides the advance guard of American ideals, bearing the torch of new world liberty, new world civilization and new world harmony, and armed assurance of our everlasting commitment to maintain our national right."

Harding declared the proposed Roosevelt division would "give form to a Rooseveltian expression of eager and ready Americanism and to provide an army of Americans who believe in him and his gospel of Americanism."

Vote Down T. R. Army.

Champions in the house of an amendment designed to permit Colonel Roosevelt to recruit a volunteer force for immediate service in France lost their fight late yesterday on the first vote taken after the close of general debate. The amendment, offered by Representative Austin, of Tennessee, and vigorously supported by Representative Gardner, of Massachusetts, and others, was defeated, 179 to 104. Among those who voted for it was Miles Libbick, of Montana, who tearfully opposed the war resolution.

Executive Declares Favorable to Such an Army.

Prominent Rush County Lawyer Wires Citizen Sentiment.

Ninety per cent of the men and women of LaCrosse, Rush county, have signed petitions urging congress to permit Col. Theodore Roosevelt to lead troops to the front in the war with Germany. A telegram received by Governor Capper today from Frank U. Boush, prominent LaCrosse lawyer, stated that sentiment favorable to Colonel Roosevelt's plan was practically unanimous in Rush county.

In his telegram to Governor Capper, Russell urged that the state executive lend his aid in support of the Roosevelt program for organization of his 123,000 volunteers.

No action has been taken by the governor, although he declared he was favorable to Colonel Roosevelt's plan.

"I have not wired any of the members of the Kansas delegation relative to the Roosevelt plan to lead American troops to the front in France," said Governor Capper, "although I am favorably impressed with the proposition."

Another Nation Severs Relations With Germany.

Offers to Aid United States in Common Defense.

Washington, April 28.—Guatemala has broken off diplomatic relations with Germany; handed to the German minister his passports and cancelled the exequaturs of German consuls here.

In announcing the break, the Guatemalan government offered the United States "use of her territorial waters, ports and railways for use in common defense and also all elements which may be available for the same purpose."
